ANNOUNCEMENT AND CALL FOR PAPERS

CO 79—A CONFERENCE ON COMBINATORIAL OPTIMIZATION

9–12 July 1979, University of East Anglia, England

Papers are solicited for “CO 79—A Conference on Combinatorial Optimization” to be held at the University of East Anglia, Norwich, England from the evening of Monday, July 9th, 1979 to teatime on Thursday, July 12th, 1979.

Topics of the conference

Subject areas include: Classical Hard Problems (including Travelling Saleman, Quadratic Assignment, Scheduling, Resource Allocation); New Hard Problems; Theory of Heuristics; Combinatorial Complexity Theory; Practical Applications in areas such as Computer Science and Operations Research. This is not intended to be an exhaustive list and papers are welcome on other associated topics.

Contributed papers

Papers, in a form suitable for publication, should be submitted by April 2nd. All papers will be read and authors will be informed whether their papers have been accepted for presentation by June 1st; all these papers will be subsequently refereed for inclusion in the Conference Proceedings. Contributed papers should be no more than 3000 words; 20–30 minutes will be allowed for their presentation.

Correspondence

All correspondence should be addressed to

Dr. V.J. Rayward-Smith,
School of Computing Studies,
University of East Anglia,
NORWICH, NR4 7TJ,
England.

from whom further details of the Conference are available.
